# Identity Verification Guide

To protect your funds and prevent fraud cases, you need to verify your identity. The process of verification at aitheon.com is simple and intuitively understandable. Follow the steps below to complete it successfully:
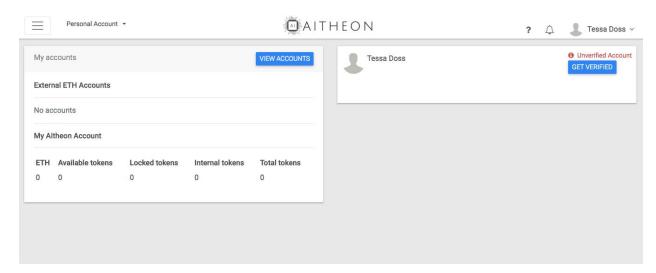

1. Firstly, you need to login to your Aitheon account by entering email and password.

2. Secondly, enter a case-sensitive code which is sent to your email to complete your login at Aitheon.

AITHEON

2 Factor Authentication

We have sent a message to your email address with an authentication code.
Once you receive it enter the code below to complete your login.

Code

LOGIN

The digital ecosystem simplifying your world through AI, robotic, and human symbiosis.

3. Then, when you are in the Aitheon account, tap GET VERIFIED in the upper right corner.

To verify your identity, you will be asked to provide the following KYC Details:

1. Selfie with your ID document;

2. Photo of your ID document;

3. Number of your ID document;

Let's consider the requirements for each of these in detail to complete your identity verification successfully.

1. Make a selfie with your ID

1. Selfie holding ID (Passport, DL, or National ID) with a sticky note of verification number **190653** - Waiting upload

BROWSE

Take a photo of yourself holding the ID with a sticky note of the verification code*. You can provide a passport, driving license or national ID as your ID document. The identity document should display the following information:

1. First name;
2. Last name;
3. Date of birth;
4. Place of birth;
5. Gender;
6. ID number;
7. Issue date;

Note! This verification code changes every time you reload the page.

AITHEON

Before uploading a selfie to the Verification form, please, make sure it complies with the following requirements:

EXAMPLE OF UPLOADED DOCUMENT

- You look straight at the camera and don't hide any part of your face;
- The name in your government ID should correspond to the name in your Aitheon account;
- Both the government ID and verification code on a sticky note is easy to read;
- There is no shadow both on your face and your government ID;
- You don't take a photo in a mirror, as the numbers won't be readable;
- Your photo isn't very dark, too bright or has a poor quality;
- Your fingers are not covering both the government ID details and verification code;
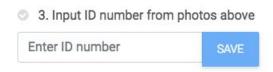

2. Upload a photo of your government ID

2. Photo ID (Clear photo of ID above) - Waiting upload

BROWSE
